Loans, Payroll Tax Credits, & More

Many businesses are now shifting their focus from applying for SBA EIDL and CARES Act PPP government loan programs, to understanding how to maximize PPP debt forgiveness and gathering information on additional governmental loan programs that are starting to roll out. In addition, businesses are trying to optimize their utilization of payroll tax credits under the Families First Coronavirus Response Act (FFCRA) and CARES Act. As additional guidance comes out daily, let our Bonadio Cares & More Consulting Team of experts help you navigate your questions in a round table format where questions will be fielded from the audience.
