Recommended Practices for Construction Jobsites

► Don't go to work if you are feeling sick.
► Practice Social Distancing.
   - Work in occupied areas should be limited to only those tasks that are strictly necessary.
   - Limit physical contact with others.
   - Increase personal space (to at least 6 feet, where possible).
   - Limit out-of-office meetings and replace them with phone or online meetings.
   - Do not congregate in groups for meetings or in break areas.

Wash your hands with soap and water for at least 20 seconds or clean your hands often with an alcohol-based hand sanitizer that contains at least 60-95% alcohol. Soap and water should be used preferentially if hands are visibly dirty.

► Cover your mouth and nose with tissues if you cough or sneeze or do so into your elbow.

► Do not share tools.
► Do not share personal protection equipment (PPE).
► Sanitize reusable PPE per manufacturer’s recommendation prior to each use.
► Ensure used PPE is disposed of properly.

Utilize disposable gloves where appropriate.

► Wash your hands with soap and water for at least 20 seconds or clean your hands often with an alcohol-based hand sanitizer that contains at least 60-95% alcohol.

Wash your hands after removing gloves.

Disinfect reusable supplies and equipment.

Throw away trash in proper receptacles.

Do not use a common water cooler.

With your work clothes prior to arriving home:

Change your work clothes and wash clothes in hot water with laundry detergent.

STOP THE SPREAD OF GERMS

What to do if you are sick with coronavirus disease 2019 (COVID-19)

Help prevent the spread of respiratory disease like COVID-19.

If you or someone you know is feeling sick, please call the NYS COVID-19 HOTLINE 1-888-364-3065 for medical advice or to find a testing site.

If you have recently been in an area with a high spread of COVID-19, or if you have had close contact with someone who has COVID-19, please call your healthcare provider for guidance.
